**Western Specialty Contractors Appoints Damon Matthew
Branch Manager of Omaha Office**

(St. Louis, MO, Jan. 10, 2017) Western Specialty Contractors has appointed Damon Matthew of Omaha, NE as Branch Manager of its Omaha, NE office.

The Omaha office has served customers throughout Nebraska and South Dakota since 1956. Services include: building cleaning, concrete and masonry restoration, EIFS restoration/recoating, epoxy and chemical grout injection, expansion joint system installation, exterior wall coating application, parking garage restoration and waterproofing.

Matthew has 19 years of restoration industry experience, having previously worked 12 years at Western Specialty Contractor's Kansas City, MO branch as a laborer, project manager and estimator. Following Western, he held branch manager and estimator positions at C&M Restoration, Performance Contracting, Goedecke and Blakley Corp., before returning to Western as Branch Manager of the Omaha office.

"Damon has proven himself through his past experiences to be an asset to Western Specialty Contractors," said Mike Mercier, Western Specialty Contractors Vice-President of Operations. "His previous experience in branch management, as well as in the field, made him ideal candidate to manage our busy Omaha branch location. We are looking forward to his continued success in his new role at Western."

Matthew has a Bachelor of Science degree from Kansas State University and is a member of the International Concrete Repair Institute (ICRI).

About Western Specialty Contractors

Family-owned and operated for 100 years, Western Specialty Contractors is the nation's largest specialty contractor in masonry and concrete restoration, waterproofing and specialty roofing. Western offers a nationwide network of expertise that building owners, engineers, architects and property managers can count on to develop cost-effective, corrective measures that can add years of useful life to a variety of structures including: industrial, commercial, healthcare, historic, educational and government buildings, parking structures and sports stadiums. Western is headquartered in St. Louis, MO with over 30 branch offices nationwide and employs more than 1,200 salaried and hourly professionals who offer the best, time-tested techniques and innovative technology.
