**Western Specialty Contractors Promotes Nick McAlpin
to Branch Manager of Orlando, FL Branch**

(St. Louis, MO, Aug. 23, 2017) Western Specialty Contractors announces the promotion of Nick McAlpin of Enterprise, FL as Branch Manager of its Orlando, FL branch office.

McAlpin replaces former Orlando Branch Manager Chester Scott, who has been relocated as Branch Manager of Western's Atlanta, GA branch.

Established in 1987, Western's Orlando area office provides such commercial specialty services as concrete and masonry restoration, waterproofing, epoxy and chemical grout injection, expansion joint systems, exterior wall coatings, historical restoration, plaza and parking deck restoration and urethane grout injections.

McAlpin will be responsible for running the branch office, which will include marketing, sales, estimating, oversight of operations and administrative functions, safety of all branch employees, and productivity of office staff and field crews. Additionally, McAlpin will be responsible for ensuring the branch's profitability by forecasting and managing the budget, identifying market trends, ensuring quality control and building/maintaining customer relationships.

McAlpin has been with Western Specialty Contractors for 14 years, having previously held the positions of laborer, mechanic, foreman and superintendent. He is a member of the Building Owners and Managers Association (BOMA) and the International Concrete Repair Institute (ICRI).

About Western Specialty Contractors

Family-owned and operated for over 100 years, Western Specialty Contractors is the nation's largest specialty contractor in masonry and concrete restoration, waterproofing and specialty roofing. Western offers a nationwide network of expertise that building owners, engineers, architects and property managers can count on to develop cost-effective, corrective measures that can add years of useful life to a variety of structures including: industrial, commercial, healthcare, historic, educational and government buildings, parking structures and sports stadiums. Western is headquartered in St. Louis, MO with over 30 branch offices nationwide and employs more than 1,200 salaried and hourly professionals who offer the best, time-tested techniques and innovative technology.
