**Western Specialty Contractors Hires Douglas Martin  
as Branch Manager of its Tulsa, OK Branch**

(St. Louis, MO, Sept. 12, 2017) Western Specialty Contractors has hired Douglas Martin as Branch Manager of its Tulsa, OK branch. Douglas comes to Western with 26 years of industry experience.

In his new position, Douglas will be responsible for marketing, sales, estimating, oversight of operations and administrative functions, as well as the safety of all branch employees and the productivity of the office staff and field crews. Additionally, he will be responsible for ensuring the branch's profitability by forecasting and managing the budget, identifying market trends, ensuring quality control, and building and maintaining customer relationships.

Serving customers throughout Oklahoma since 1949, the Tulsa branch office provides the following commercial specialty services: building cleaning, concrete and masonry restoration, EIFS restoration/recoating, epoxy and chemical grout injection, expansion joint systems, exterior wall coatings, parking and plaza deck restoration and waterproofing.

Douglas is certified in the following: Project Manager Professional (PMP), Colorado Carpenter's Apprenticeship Program, OSHA 40-Hour, Air Borne Pathogen, CPR and First Aid, IICRC-WRT, Applied Structural Drying, Applied Microbial Remediation and Xactmate.

He is a member of the International Facility Managers Association (IFMA) and the Oklahoma Hospital Engineers Association (OHEA), and is involved with the Tulsa United Way, Rebuild Tulsa and Habitat for Humanity.

## **About Western Specialty Contractors**

Family-owned and operated for over 100 years, Western Specialty Contractors is the nation's largest specialty contractor in masonry and concrete restoration, waterproofing and specialty roofing. Western offers a nationwide network of expertise that building owners, engineers, architects and property managers can count on to develop cost-effective, corrective measures that can add years of useful life to a variety of structures including: industrial, commercial, healthcare, historic, educational and government buildings, parking structures and sports stadiums. Western is headquartered in St. Louis, MO with over 30 branch offices nationwide and employs more than 1,200 salaried and hourly professionals who offer the best, time-tested techniques and innovative technology.
